Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I think its a shame that it could
become possible not to be able to ship across
state lines. There are MANY women overseas
of US that are benefiting from these ever
popular, natural, compounded prescriptions
I for one prefer the option of taking
"Natural Hormones as opposed to synthetic!
